EXECUTIVE SUMMARY

discretionary policies the PHA has included in the Annual Plan.

The main purpose of the 2003 Annual PHA Plan is to report program information and to state policies and procedures for the Harris County Housing Authority (HCHA) Section 8 Housing Assistance Program. It also acts as a progress report, in the pursuance of accomplishing goals and objectives set forth by the 5-Year PHA Plan. Among the goals set forth by the 5 year Plan are: reducing the number of families on the section 8 waiting list, maintaining a consistent ninety-five percent and over lease up rate, limiting the number of delinquent certifications and inspections, and improving the quality of the housing program.

Housing Needs

Factors such as affordability, size, and location of housing have a severe impact on housing needs of families with low income, disabilities, health problems and /or lack of mobility. These family types are rated accordingly in the Housing Needs of families in the Jurisdiction by Family Type Table. (See page 7)

Eighty-three percent of the remaining applicants on the Section 8 waiting list are extremely low-income families. Seventeen percent of the remaining families are very low income. Strategies, which will continue to be used to address the needs for the extremely low income and very low-income families, include improving the lease up rate and increasing the number of housing units.

Strategies to aggressively increase the number of vouchers will be pursued by HCHA. These include obtaining vouchers targeted for the elderly and disabled as notice of funding becomes available.

FSS Program

The Family Self Sufficiency Program is administered by HCHA. HCHA delivers a multi-dimensional program of support services that allows participants to move from economic dependence.

The FSS program currently has 46 participants. HCHA is in the process of enrolling four more families in the FSS program for a total participation of fifty families.

FFS participants have a fifty-three percent rate of employment and thirty-five percent are in training, attending school, or seeking employment. Three families recently graduated from the program and have purchased their first home. One more family is expected to graduate at the end of the year.

With the implementation of home visits and workshops for the FSS participants, HCHA anticipates the continued success of the FSS program.

Section 8 Housing Assistance

The waiting list has been substantially reduced to 115 applicants. HCHA anticipates scheduling the remaining applicants for admission in December 2002 and January 2003. The opening of the waiting list is tentatively scheduled for January 2003. Ninety eight percent of all vouchers are either under a housing contract or the voucher holder is searching for a housing unit. HCHA will strive to maintain a 100 % lease-up rate.

Additional staff, including a case-manager and an inspector, will be employed to continue to improve the limitations on delinquent certifications and inspections. Additional office equipment and training for the staff is also scheduled for 2003.

As of November 1, 2002, the payment standards were increased to an amount equal to the HUD Fair Market Rents. In determining these payment standards, HCHA used successful rental rates of families, rent burden, increased market rates, private sector compatibility and availability of housing units.

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Harris County Housing Authority Notes from Resident Advisory Board Meeting Wednesday, November 13, 2002, 9:00 AM

Attendees:

Harris County Housing Authority Employees:

Tenants:

Guy Rankin – Chief Operating Officer Arturo Chacon – Senior Case Manager Miguelina Benitez – FSS Coordinator Paula Sullivan – Case Manager Melissa Quijano – Case Manager Jocelyn Alexander – Case Manager Maribel Huerta – Intake Specialist Lori Wilson-Reynolds – Administrative Assistant Maria Chavez Joy Joyner Lisa Fleming Willie Thomas Tomasa Villanueva

Arturo Chacon introduced himself as the Senior Case Manager and the rest of the staff present. Mr. Chacon then welcomed the tenants and proceeded with the presentation.

Shortage of affordable housing

Question to Section 8 staff: What is the difference between Public housing and Section 8 tenant-based housing?

Answer: Public housing is tied to the apartment complex. If you want to continue receiving assistance, you must remain in place. With the tenant-based Section 8 program that you are now receiving, the tenant can select a unit of their choice and not have to live in one complex.

Question to Section 8 staff: Does that mean we have to live in Harris County?

Answer: No, you can port out to any other housing authority that accepts Section 8 Vouchers.

Question to tenants: Are you having problems finding decent housing? We need to know.

Question to tenants: How should we advertise Section 8 to landlords?

Section 8 Housing Choice Vouchers Eligibility

Right now we are screening only by Harris County Courts. If a crime was committed outside Harris County, we would not know about it.

Question to tenants: Should we have more extensive screening? We want to know the extent of screening you would recommend we do for people on housing.

Information PHAs may share with prospective landlords

Currently we are not sharing criminal histories with landlords.

Question to tenants: If you feel we should tell or not tell prospective landlords about tenant's criminal history, please let us know.

Search Time

This is when a tenant is moving and they have a Voucher.

Question to tenants: Why does it take a long time to move?

Payment Standards

Payment Standards are used to calculate rental assistance and they are established using the Fair Market Rent (FMR) FMRs are established by HUD every year for the Houston area.

Payment Standards are used to calculate assistance to which the tenant is eligible. The rent Harris County Housing Authority (HCHA) pays must be a fair market rent for the area.

Families must pay a portion and HCHA pays the difference.

Question to Section 8 staff: Can we pay over?

Answer: Yes, as long as you are not paying more than 40% of your monthly adjusted income.

Question to Section 8 staff: If I have a unit in the Galleria area that is 3 bedroom and the rent is \$1350 and I make \$1500 per month, can I rent this unit?

Answer: As long as it does not exceed your 40% of monthly adjusted income. It depends on how many dependents you have, your income, if you pay for daycare, if you are disabled.

Minimum Rent

Minimum rent is \$25, if you lose your job, you need to pay \$25.

Question to tenants: Do you think we should abolish the minimum rent as \$25?

Waiting List Preferences

Waiting List preferences mean that we will put families on the top of the Waiting List if they say that they have a preference. If we had no preferences, the families on the Waiting List would be eligible according to the time and date they applied for housing.

Question to tenants: Is it fair for families not claiming a preference to be put at the bottom of the Waiting List?

Question to tenants: Should we abolish the preferences and agree that the needs of everyone are equal?

This ended the Section 8 portion of the presentation.

Arturo Chacon asked if there were any questions and summarized the presentation.

Question to Section 8 staff: Would increasing the payment standards cause an increase in the amount the tenant has to pay?

Answer: Yes, but HCHA will pay more assistance and this means HCHA will help less families. If we lower the payment standards, the families pay less and HCHA can help more families. If we keep it at 100%, we are competing with most landlords.

FSS Presentation

The FSS Program now has 46 participants. We can have 50 people on the FSS program. There are 10 people on the Waiting List.

One hundred percent (100%) of the escrow account is used to purchase a home.

Question to tenants: Should the escrow account be used for training or to purchase a car?

Tenant Comments From RAB Meeting Needs and Strategies

NOTE: Five persons participated but only 3 persons submitted written recommendations.

Need 1: There is a shortage of affordable housing for eligible populations.

Strategy 1: Maximize the number of affordable units available to the PHA within its current resources by :

• Maintaining or increasing Section 8 lease up rates by marketing the program to owners, particularly those outside of the areas of minority and poverty concentration.

All three members agreed.

• Maintaining or increasing Section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance to the program.

Two members agreed.

• Participating in Consolidated Plan (Your community department agency's goals and objectives) development process to ensure coordination with broader community strategies.

One member agreed and the other two did not answer.

Strategy 2: Increase affordable housing units by:

• Applying for additional Section 8 units should they become available.

Two members agreed and one did not answer.

• Leverage affordable housing resources in the community through the creation of mixed-finance housing developments.

Two members agreed and one did not answer.

• Pursuing housing resources other than public or Section 8 tenant based assistance.

All three members agreed.

Need 2: Specific family types: Extremely low income families

Strategy 2: Employ admissions preferences aimed at families who are working.

Tenant comment: "to help extremely low income and people who work, working families may not make over \$15,000 per year."

All three members agreed.

Need 3: Specific Family Types: Very low income families.

Strategy: Do you want to target assistance to very low income families?

Two members agreed.

Strategy 1: Employ admissions preference aimed at families who are working.

One member agreed and two did not answer.

Need 4: Specific types: The Elderly

Strategy 1: Target available assistance to the elderly.

Tenant comment: "Elderly should be considered because they don't make more than \$500.00 - \$1000.00 per month on social security."

All three members agreed.

Need 5: Specific Family types: Families with disabilities

Strategy 1: Target available assistance to families with disabilities.

One member agreed

Tenant comment: "Families with disabilities should be considered"

Need 6: Specific family types: Races or ethnic groups with disproportionate housing needs.

Strategy 2: Conduct activities to affirmatively further fair housing: Counsel Section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist to locate those units.

Two members agreed.

Section 8 Housing Choice Vouchers Eligibility:

Do you agree if the PHA requests criminal records from law enforcement agencies for screening purposes?

Two members agreed.

Search time:

Tenant comments: "More time, it is hard to find a place that accepts housing."

Two members agreed that more time is needed.

Payment Standard Amounts:

Tenant comment: "keep at FMR."

Two members agreed to keep the payment standards at FMR

Minimum rent: What amount to you agree with?

One member stated to increase the rent, one stated to leave as is, and the 3rd member was undecided.

Waiting List Preferences:

Should HCHA abolish preferences and admit families into the Section 8 program by date and time of application?

One member agreed.

Tenant comment: "Waiting list should be on applicant's needs, it really depends on what the need is first."

FSS Program:

The escrow account should be used for:

Tenant comment: "for homeownership"

How many participants do you think the FSS program should carry? 25 or less.

Two members agreed and one did not respond.

Attachment C: Statement of Progress towards PHA 5-Year Goals and Objectives

During the time since the inception of the 2000 PHA 5-Year Plan and the PHA annual Plan, improvements have been made in the pursuit of the goals and objectives set forth by the 5-Year Plan.

The Resident Advisory Board (RAB) recommendations at the RAB meeting held on November 13, 2002, were mixed. Some RAB members did not submit recommendations. Harris County Housing Authority (HCHA) changed portions of the PHA Plan which were deemed appropriate in response to RAB recommendations. Changes to the PHA Plan included the removal of the minimum rent and the modification of the HCHA local preferences.

PHA Goal: Expand the Supply of Assisted Housing

During the current fiscal year, HCHA made a significant impact on the reduction of the applicants on the Section 8 Housing Assistance program waiting list. The waiting list was reduced by admissions and by the removal of applicants from the waiting list that did not respond to admission appointments. There are currently 115 applicants on the waiting list. Intake tracking indicates that 98% of all housing vouchers are either being utilized under a housing contract or the voucher holder is searching for a unit. HCHA anticipates that the 115 applicants should be tentatively scheduled for admission by January, 2003. The goal is to have 100% plus vouchers under lease throughout the year. The opening of the waiting list is tentatively scheduled for January, 2003. HCHA's goal is to maintain a waiting list in which all applicants will be assisted in approximately two years.

With the modification of the HCHA local preferences, admissions to the housing program will accelerate. The veteran, working and victims of domestic abuse preferences have been removed from the HCHA Admission Preferences. The new preferences will be for elderly, disabled/handicapped and single parent households. These preferences will tentatively be in effect January, 2003. This will create an opportunity for HCHA to expand the supply of assisted housing and provide assistance to more Harris County residents by administering housing vouchers that transfer to the HCHA service area.

Strategies to aggressively increase the number of housing choice vouchers, including special purpose vouchers targeted for the elderly and the disabled, will be pursued by appropriately responding to all Notices of Funding Available (NOFAs) during the year 2003.

PHA Goal: Improve the Quality of Assisted Housing.

Extensive training and certification will be scheduled for most of the HCHA staff to improve the quality of assisted housing. The training will expand the knowledge that the experienced staff has acquired through years of service to Harris County residents and bring the staff up to date on current housing program procedures.

Customer service and satisfaction will increase with the addition of a case manager projected for the year 2003. The caseload will be reduced with the addition of a case manager, which will improve the quality of service to applicants and housing participants.

The quality of the HCHA housing stock has continued to improve. Beginning 2002, new procedures were implemented to ensure that at least 95% of certification inspections are performed within the term of the housing contract. Annual inspections ensure that the quality of the housing units are being maintained. The goal of improving the quality of assisted housing will be advanced with an addition of an inspector in 2003.

The acquisition of office equipment, a copier designated for assisted housing and individual printers for most of the staff will further advance the quality of assisted housing.

PHA Goal: Increase Assisted Housing Choices

To increase housing choices for HCHA assisted housing participants, the voucher payment standards are reviewed annually. Increased market rents, compatibility with the private sector and availability of units are considered when reviewing the payment standards. The payment standards were increased to 100% of the current Fair Market Rents (FMRs) effective November 1, 2002. Assisted housing rents continue to be compatible with private sector rents providing increased housing choices for HCHA participants.

HCHA has increased housing choices in varied areas by its continued membership in the Houston Apartment Association. The membership provides free advertisement of the pros and cons of housing programs and encourages and increases marketing with landlords within Harris County.

PHA Goal: Provide an Improved Living Environment

FSS

Section 8 families face a number of challenges on the road to economic independence and homeownership. They may lack the education, job experience, and knowledge of household financial management and self-confidence to successfully move from dependency to self-sufficiency. Some also face difficult personal obstacles, including difficulties raising children, health care problems, lack of transportation and childcare. HCHA delivers a multi-dimensional program of support services that allows program participants to break the cycle of poverty and make the transition to economic independence and homeownership. Training seminars and workshops for clients are presented on a regular basis through Family Pathfinders, Consumer Credit Counseling, Houston Community College and other organizations. These organizations provide financial and home management counseling, basic education, parenting and life-training skills for FSS participants.

The FSS program also implemented home visits and workshops for program participants and their children. The goal is to bring youth programs and services together to create a stronger connection between academic and occupational learning while providing activities specifically geared toward youth development. This includes follow-up services that are essential to the operation of an effective FSS program.

The Harris County FSS program currently has 46 participants, with a 53 % rate of employment. The other 35% percent of participants are in training, attending school or seeking employment. As of July 2002, 26 FSS participants have accumulated funds in an escrow savings account, which may be used toward the purchase of a home. To open this account, an FSS participant must have an increase in income. As the family's income increases, the amount the family pays for its portion of the Section 8 contract rent also increases. The resulting saving to the Section 8 program is deposited into savings account for the family.

The success of the program is also reflected in the number of clients on the waiting list (10) and the number of escrow savings accounts established for FSS participants (26). Last year, 10 percent of FSS youths participated in the workforce: Gulf Coast Careers Summer Youth Program.

Three FSS families recently graduated from the program and have purchased their first homes. One more family is expected to graduate from the program by the end of the year. We are in the process of enrolling four more families into the FSS program. These Participants are going to be chosen from the FSSP waiting list.

Minimum Rent

Mixed recommendations were received from RAB on the minimum rent. Recommendations included increasing the rent, not adjusting the rent and undecided. HCHA recognizes that in all circumstances where the household has experienced a substantial loss of income, such as a loss of employment, expiration of unemployment benefits, injury, and other circumstances beyond the control of the household, a required minimum rent would create an additional financial hardship for the family. Therefore, HCHA will not require a minimum rent as of the fiscal year 2003.

PHA Goal: Ensure Equal Opportunity and Affirmatively Further Fair Housing

It is the policy of HCHA to comply fully with all Federal, State and local nondiscrimination laws and with the rules and regulations governing Housing Authority and equal opportunity in housing and employment.

HCHA will not deny any family or individual the equal opportunity to apply for or receive assistance under the section 8 Program on the basis of race, color, sex, religion, creed, national or ethnic origin, age, familial or marital status, handicap or disability or sexual orientation.

HCHA will provide information to Voucher holders regarding unlawful discrimination and any recourse available to families who believe they are victims of a discrimination act. Such housing information will be made available during the family briefing session and all applicable Fair Housing information and Discrimination Complaint Forms will be made a part of the Voucher briefing packet and available upon request at the front desk.
